

Harvest Appeal 2026

Around the world, livelihoods based on farming and agriculture can be severely challenged by floods, heatwaves and water scarcity.

Our harvest donations this year will help Tearfund equip families to adapt to climate change and find new ways to grow the food they need to survive.

Tearfund's local partners work to provide training, skills and practical support over the long-term to those seeking to lift themselves out of poverty and build a stronger future, while protecting God's creation.
